DIAMOND CERAMIC COATING

Elevate your driving experience with a finish that radiates diamond-like elegance while maintaining the highest standards of practicality and performance.

Discover the future of automotive care today.

DIAMOND CERAMIC

COATING BY *AutoArmor*

AutoArmor Diamond Ceramic Exterior Protection is the first ever long-term protective coating to combine nano diamonds with ceramic technology.

The nano diamonds give unparalleled shine and reflection, creating a diamond brilliance finish to your vehicle.

The ceramic forms a chemical bond to the surface for outstanding protection.

The two technologies together result in a stunning appearance with high levels of gloss, slickness, and reflection.

Product Features:

- Protects against UV Rays
- Protects against Sea Spray
- Protects against Acid Rain
- Protects against Bird Bombs
- Improved Gloss
- Protects against Industrial Fallout
